

How do I connect to Bitwarden?

image.1651571222394.png

We are using Bitwarden/Vaultwarden to manage, share and save the passwords and accounts for secure logins.

Step 01

1. open invitation Mail, **this process will only work if you already have this mail. Please check the Spam folder first and ask xyz@eazy.cloud for invitation.**

image.1651569617023.JPG

2. follow the link to join the organisation.

Step 02

You are invited to join the organisation, therefore you have to create an new account (**even if you are already using Bitwarden!**)

1. Click on "create account"

image.1651590217393.JPG

Step 03

1. fill out this form to create your account. Don't change the mail adress!

image.1651570606693.jpg

2. after click on **submit**, the administrator needs to activate your account. This might take some time.

Step 04

1. after the administrator activated your account, you will get **another mail**.

[image-1651570967335.JPG](#)

2. now **log in**.

Step 05

1. check your inbox again and click on the button/link to **verify your mail address**.

[image-1651571090145.JPG](#)

Congratulations, you are now a member of your organisation on Bitwarden!

next steps:

Bitwarden desktop & mobile apps
